
Tait Tm8200 Programming Application Download

For additional heat dissipation, the 25W radio has an additional L-shaped housing. see the programming application's online help for more information. ¶ You can use your computer for this without connecting a radio to it. ¶ In this case, the program memory option cannot be implemented. ¶ See online help for program recording capability. Each time you press this button, the display radio, the "TOT" icon appears (from the English Total), which indicates that within 15 minutes all radio stations will work with default setting frequencies. When you click this button setup
